

THE VERSATILE ROBOT

Wybot C1Pro

The Wybot C1Pro stands out for its elegant design, ease of operation, and superior cleaning performance. It is the ideal choice for owners of above-ground or semi-inground pools, offering excellent value for money as a first electric robot.

Versatility

Designed to adapt to all configurations.

Capable of overcoming obstacles, climbing slopes, and steps, the Wybot C1Pro ensures complete cleaning of every corner of your pool.

Autonomy

Built for practicality and efficiency.

With a battery offering up to 2.5 hours of autonomy, it keeps your pool clean through cycles of 2 hours or 4 cycles of 30 minutes.

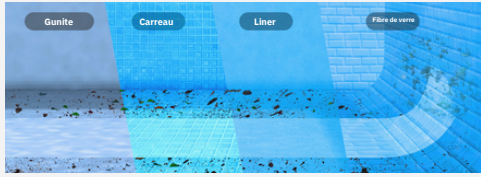

Cleaning
modes

Une adaptabilité unique pour un nettoyage sur mesure.

Quatre modes de nettoyage sont préconfigurés pour s'adapter à vos besoins, facilement sélectionnables via l'application pour le fond, les parois, la ligne d'eau ou le nettoyage complet.

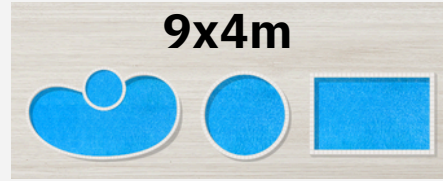

For which type of pool?

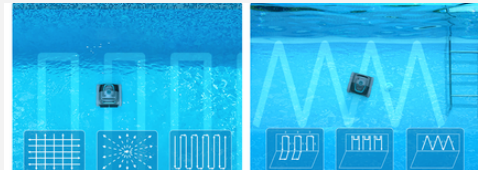

The Wybot C1 Pro adapts to all surfaces : tiles, liner, concrete, or fiberglass for perfect cleaning.

The Wybot C1 PRO offers 3 cleaning programs: floor, walls, or floor + walls, easily selectable with a single button on the robot, ensuring maintenance tailored to your needs.

The Wybot C1 Pro adapts to all pool shapes: rectangular, round, or freeform, for efficient cleaning everywhere.

Connected to the Wybot app, the user can access predefined movement paths for the ground (3 patterns) and the walls (3 patterns).
